Cyclists and vehicles now share Park Tce in Christchurch after the temporary bike lanes were installed

Park Terrace cycleway: How has it come to this?

OPINION: Cyclists are not the enemy. They are our colleagues and friends, our parents and grandparents, our children. Most are also drivers. All deserve to be safe on the road. They deserve some of the road space that has been devoted solely to cars for too long.

Better things are possible!

- Apply pressure
- Focus on those who have influence
- Connect with shared values and experience
