

DID YOU KNOW THAT

it is **illegal** to park on footpaths, grass verges or council reserves?

Footpaths and verges are there for pedestrians, not vehicles. People such as the elderly, the blind, people pushing prams and pushchairs and others need these amenities.

Because of the weight of your vehicle, expensive damage could be caused to the surface, kerbing, and underground pipes and cables. Oil drips leave ugly stains and kills the grass.

If your vehicle causes an obstruction it may be towed away.

**PLEASE PARK CORRECTLY
NEXT TIME**

**ABSOLUTELY
POSITIVELY
WELLINGTON**
