

## Living Streets Aotearoa

### Living Streets Hamilton, Spring Strolls 2015

#### Instructions for Dinsdale roundabout/railway village walk

- ! Park in Dinsdale Rd near the roundabout or in Robyn Place. Head down Dinsdale Rd to the roundabout and go in beside 1 Dinsdale Rd to view the stream that flows under the roundabout (it comes out on the Tuhikaramea Rd side). Head back up Dinsdale Rd to start the rest of the walk.
- ! Go down the alley between 27 and 29 Dinsdale Rd to Rothwell St.
- ! Continue round into Johnson St, taking a look at the gully in passing.
- ! Turn left into Rifle Range Rd then left again into Aberdeen Drive. Inspect the gully again from the vantage point on the right, then proceed to Sandalwood Drive.
- ! Go to the end of Sandalwood, take the path to the left through Aberfoyle Park and turn right into Aberfoyle St at the bridge.
- ! At the end of Aberfoyle, turn right onto Rifle Range Rd, then cross with care and proceed down the full length of Weka St (the first of our collection of railway houses).
- ! Turn left onto Massey St, then left into Makomako St. At Kereru St, turn right. Follow the railway village community by turning left into Pukeko St, left into Kaka St, then right into Kea St. At the end, turn right into Moa St, taking the time to admire the carvings surrounding the Manawarewa housing development for kaumatua.
- ! Emerging onto Rifle Range Rd again, head left, cross the road with caution and turn right down Aberfoyle St. Go to the end and take the path that connects through to the OTHER part of Aberfoyle St!
- ! Turn left down Michael Ave, then left into Aberdeen Drive.
- ! Turn right into Russleigh Dr, then right into Rossview Tce.

! From Rossvie Tce, turn left into Thomson Ave, left again into Dinsdale Rd and back to your starting point.
