Submission from Living Streets Aotearoa – Wellington on District Plan Change 81 – rezoning 320 The Terrace

Date: **25 September 2015**

Thank you for the opportunity to make this submission

We wish to see the following amendments to the Plan Change:

We would like to see a formal 24 hour pedestrian accessway included in the District Plan, that connects the Terrace to the university along Waiteata Road. Currently there is limited pedestrian access to the Kelburn campus and this would be a significant improvement.

We would like to see the bush area at the rear of the flats preserved as far as possible to maintain the amenity of this area.

We would like to see a pedestrian crossing included from Dixon St to across The Terrace to this area.

9.3.2 – public notification should be allowed for this significant inner city site, visible from many parts of the central city.

Building heights should not exceed those currently.

We would like to be heard in support of our submission.

About Living Streets

Living Streets Aotearoa is New Zealand's national walking and pedestrian organisation, providing a positive voice for people on foot and working to promote walking friendly planning and development around the country. Our vision is "More people choosing to walk more often and enjoying public places".

The objectives of Living Streets Aotearoa are:

- to promote walking as a healthy, environmentally-friendly and universal means of transport and recreation
- to promote the social and economic benefits of pedestrian-friendly communities
- to work for improved access and conditions for walkers, pedestrians and runners including walking surfaces, traffic flows, speed and safety
- to advocate for greater representation of pedestrian concerns in national, regional and urban land use and transport planning.
